HELLO READERS!

WELCOME TO A THOROUGHLY DIS-  
GUSTING PAPER THAT YOUR MUM  
WON'T ALLOW YOU TO READ. THE  
BLOKE WHO DREW THESE CARTOONS  
IS JUST A PLAIN DREADFUL VILE  
HORRIBLE PERSON, WHO SHITS AN FARTS  
WHENEVER AND WHEREVER HE TAKES THE FANCY.  
HE DOESN'T EVEN TAKE HIS TROUSERS DOWN, HE  
JUST SHAKES IT DOWN HIS LEG. AS A  
RESULT OF THIS, WE HARDLY EVER GET ANY  
VISITORS AT THE OFFICE AND THE POST OFFICE  
WON'T INSTALL A PHONE.. THEY SAY THEY HAVE  
TO PROTECT THEIR EMPLOYEES WHO WORK  
DOWN MANHOLES. THE ONLY METHOD OF  
COMMUNICATION WE HAVE ESTABLISHED SO FAR  
IS THROUGH AN AIRLOCK IN THE BOG AT  
"FREEWHEEL". So -- IF YOU WISH TO WRITE,  
CONTRIBUTE, OR JUST SEND SMELLS IN  
PLASTIC BAGS, ADDRESS YOUR MAIL TO:-

"THE BOG", 56 ST BENEDICT'S ST, NORWICH.

I WOULD LIKE TO THANK EVERY BODY WHO HELPED  
AND THOSE WHO DIDN'T AND THOSE WHO JUST  
LAUGHED.

HOPE YOU ENJOY THE STENCH,

YOURS IN A WHIFF. *Dink.*

P.S. NEXT ISSUE WE'RE HOPING TO  
IMPREGNATE THE PAPER WITH "ESSENCE  
OF ROD THE PRINTER" - HIS MOTTO:-

"SOCKS & DRUGS & ROT'N' BOWEL"

\* TODAYS TOMMORROW!...(Science report) \*  
\*\*\*\*\*

"Good Evening... I am Professor Evän Einschtink of the Institute  
of Organic Smells.

Recently I comenced an experiment involving the entire populatio  
of the village of Värtzmöre. The experiment took place in controlled  
conditions, with the kind help ofLieutenant Colonel Franky( I enjoy  
the power buzz ) Stompington Ffoot M.B.G. V.C. G.B.H. and his boys,  
and involved the consumption by the village folk, of a certain  
brand of baked beans.

The idea of the experiment is to register the response of a  
small community,like Värtzmöre,would have to a diet of beans over  
a period of one year (XXX 365 days or 8,776 hours.).

The experiment is still underway after four months and already  
the results look very promising. Of a total population of 875 people  
74% ( that is 656.25 of the buggers ) are still alive!!  
57% of this 74% ( that's 374.33 people ) are chronically ill with  
vitamin deficiency and the remaining 282.675 are having intermittant  
attacks of slimey vomitting and eggy windypops.
